

Aloha, New Mate Seeking Thrills

Noted Ex-Wife Of Adventurer Off On Another Cruise

LIBERALS END LENGTHY TOUR FRIDAY NIGHT

Speakers Write "Fins" to Monetary Reform Crusade at Wembley

WEMBLEY, Ala., Aug. 4.—The Howson-McCormack Liberal movement campaign which began in 1929 and ended at a scene of Peace River towns and villages during the past few days, wrote "Fins" to the northern tour in a sea of mud here Friday night.

J. MOUNTFIELD BEATS VICKERS

Among the early finishers in the first round of the championship golf tournament now being played over the Edmonton Golf and Country club course were Ed McFadden of the Prince Rupert club, who defeated Ben Cool and J. H. "Ham" Mountfield who defeated S. H. Blythe beat D. Barry, J. Vickers beat D. Balfour, L. H. Morrison beat G. R. L. Foster beat Harvey Day and L. Wolliver beat D. Podesky.

Start Test Match Half Hour Official

LONDON, Aug. 4.—It was officially announced today the final cricket test match between Australia and England would start a half-hour later each day starting at 1:30 p.m. instead of 11.

Noted Ex-Wife Of Adventurer Off On Another Cruise

NEW YORK, Aug. 4.—The pages of adventure turn swiftly for Aloha Wandewell, who soon will set out from this port aboard the yacht Carmo to continue the search for thrill that she pursued with Captain Walter Wandewell for nearly 25 years and his mysterious bullet ended his life on the same craft at their Arroyo.

REVENGE IS CHARGED

Alloha declared that the motive for the murder was revenge, that some of the men who had roamed the world and robbed shoulders with strange characters in his journeys had done him to death while he was outfitting the Carmo for another quest of adventure.

RAINS CHECKING FOREST FIRES

NELSON, B.C., Aug. 4.—Heavy rains in the vicinity of Grand Forks, B.C., today checked the fire which had been burning since last night. The fire had been burning since last night.

Noble Shudders At War Rigors: Says He'll Wed

Marriage Pact All News To His Wife

Cables from Dunkirk, France, that her husband, Lord Edward Montagu, proposed to join the French Foreign Legion, decided not to and then returned to London with the idea of marrying his fiancée, did not cause any great concern to Lady Montagu, his wife, the former Nora Potter, who is visiting her mother here.

Called on the telephone Lady Montagu laughed when the Dunkirk story was read to her. "Nora would not add bigness to his already long list of escapades. While he is here, I am sure he would not be so foolish as to marry a woman who might cause his fiancée from Dunkirk."

Lord and Lady Montagu were married five years ago, most of their married life having been spent at the Pacific coast.

Cubans Seeking Justice

HAVANA, Aug. 4.—The Cuban government went through the motion of waiting for an answer from the Dominican government to a request for the extradition of former President Gerardo Machado, although high circles expressed the opinion the sister republic was unlikely to take any action.

Cuba listed seven bases for the request, as follows:

- 1. The assassination of Domingo Machado in 1933.
- 2. The assassination of Col. Blas Maceo.
- 3. The assassination of Dr. Gerardo D. Duménil.
- 4. A complaint by Dr. Gerardo D. Duménil.
- 5. A complaint by Dr. Gerardo D. Duménil.
- 6. A complaint by Dr. Gerardo D. Duménil.

EXTORTIONIST GANG SOUGHT

LOS ANGELES, Aug. 4.—A gang of extortionists, known as "The Five," is being sought in connection with a recent hold-up of a mail train. The gang is believed to be operating in the Los Angeles area.

SPY IS GIVEN PRISON TERM

PARIS, Aug. 4.—After a secret trial, Stanislas Krasinski, former Polish army officer, was convicted of espionage and sentenced to five years in prison.

South America Quits Die

BUENOS AIRES, Aug. 4.—Disputes Friday from Uruguay, Argentina, and Paraguay, were settled by a treaty signed in Montevideo.

Worrell Not Expected To Live Long

HALIFAX, Aug. 4.—A slight improvement was noted last night in the condition of Lord Mont. Rev. C. L. Worrell, prime of the Church of England in Canada, who has lain gravely ill in hospital here for the past three weeks.

Legion Is Too Warm For Monty

EDMONTON, Aug. 4.—The French Foreign Legion is too warm for Lord Montagu, who is visiting his mother here.

Edmonton Boy Drowns In Swim At Alberta Beach

Two Others Lose Lives in Provincial Waters Friday—North Section Records Deaths.

Alberta waters Friday claimed three lives. An Edmonton boy, who was drowned before he could reach him while bathing at Alberta Beach, on Lake St. Anne, a canoe owned by a Calling River trapper was found 20 miles downstream in the Athabasca, and a young colored man lost his life in a canoe on the Bow River.

DEATH CLAIMS TINIEST QUAD

SAC CITY, Iowa, Aug. 4.—Deaths today claimed Lorraine DeWitt, wife of the quadruple born June 9 to Mr. and Mrs. Larry Woyoff.

TWO SHOT IN STRIKE RIOT

MINNEAPOLIS, Aug. 4.—Two men were reported shot and wounded by an ice cream truck driver today in another outbreak of violence in the truck drivers strike.

OLD MAESTRO AND LADS AT CAPITOL NOW

Ben Bernie, Jack Oakie
Head Star Cast of "Shoot
the Works"

The inimitable Jack Oakie with his Missouri accent and wisecracks, and Ben Bernie's music are the principal features in the hilariously funny "Shoot the Works," the engagement at the Capitol theatre to-day.

The film is a comedy in rapid tempo. It takes music, song, dance, and a grand cast through a jumble of action which speeds its characters through adventures, circus, caravans and the world, with intimate glimpses of each.

Oakie is pictured as a glum-toned promoter of freak shows, with side excursions into tight-rope romances. Between business failures and forbidden kisses, he meets up with a beautiful singer, and is headed for the straight road when the dice throw him, and he loses his job.

Oakie wins her later, but not until after many genuinely comical characters and an occasional bit of real romance and pathos weave in and out of the plot.

Hysterically funny is "Roulette," in the role of a poor, shabby, shaggy little fellow who is a constant target for the philanthropic, sweetie while he stays aloft to non-stopping performances are given by Alan Spivack, as Oakie's faithful and unfailing friend, and William Frawley, who portrays a famous gambling columnist.

This film serves to establish Ben Bernie and his collection of musical tunes. The maestro is fortunate in having a good song, and a good screen debut and he makes the most of his opportunities in a secondary role.

The radio star gives considerable time and just to the music, and the playing of five outstanding songs. "Do I Love You?" "Where Were You Born?" "Winter Time" and "A Bowl of Chop and You're."

Star With Ben Bernie At Capitol

Ben Bernie, Jack Oakie
Head Star Cast of "Shoot
the Works"

The inimitable Jack Oakie with his Missouri accent and wisecracks, and Ben Bernie's music are the principal features in the hilariously funny "Shoot the Works," the engagement at the Capitol theatre to-day.

The film is a comedy in rapid tempo. It takes music, song, dance, and a grand cast through a jumble of action which speeds its characters through adventures, circus, caravans and the world, with intimate glimpses of each.

Oakie is pictured as a glum-toned promoter of freak shows, with side excursions into tight-rope romances. Between business failures and forbidden kisses, he meets up with a beautiful singer, and is headed for the straight road when the dice throw him, and he loses his job.

Oakie wins her later, but not until after many genuinely comical characters and an occasional bit of real romance and pathos weave in and out of the plot.

Hysterically funny is "Roulette," in the role of a poor, shabby, shaggy little fellow who is a constant target for the philanthropic, sweetie while he stays aloft to non-stopping performances are given by Alan Spivack, as Oakie's faithful and unfailing friend, and William Frawley, who portrays a famous gambling columnist.

This film serves to establish Ben Bernie and his collection of musical tunes. The maestro is fortunate in having a good song, and a good screen debut and he makes the most of his opportunities in a secondary role.

The radio star gives considerable time and just to the music, and the playing of five outstanding songs. "Do I Love You?" "Where Were You Born?" "Winter Time" and "A Bowl of Chop and You're."

GEORGE RAFT PUNCHES NOSE OF SMART ONE

Hollywood Actor Proves
He Isn't Forgotten
Art of Boxing

HOLLYWOOD, Aug. 4.—George Raft, sleek-haired film actor who specializes on the screen in the portrayal of gangster and bull fighter roles, turned pugilist in real life Friday, played a one-on-one fight with a chain-drug store owner.

More than 100 screen celebrities, tourists and airport seekers watched the actor, who took place in a parking lot adjoining an exclusive Hollywood cafe.

OFFICER STEPS IN
The fight ended when a traffic officer, racing from his station at Van street and Hollywood boulevard, separated the combatants. Raft was declared by witnesses to have been the victor, having scored five knockouts.

The spectacular fight started after a va va va tilt between Raft and a man named "Big Boy" who was a chain-drug store owner. Raft, seated at a table with two women, was reported to have been a victim of a boxing match.

"There go a couple of boys who had to be taken care of," said a man who was a chain-drug store owner. Raft, seated at a table with two women, was reported to have been a victim of a boxing match.

There go a couple of boys who had to be taken care of," said a man who was a chain-drug store owner. Raft, seated at a table with two women, was reported to have been a victim of a boxing match.

Watchful Waiting

CROPS RIPEN TOO FAST IS ROAD REPORT

Hoppers Doing Considerable Damage - Heat Hurts Alberta

WINNIPEG, Aug. 4.—Hot dry weather with strong winds and only light local showers was experienced in the grain growing regions of Western Canada during the past week, said the weekly crop report issued by the Canadian National railways.

Crops were ripening too fast for normal filling, it said. Grasshoppers were doing considerable damage.

Most southern Saskatchewan districts reported hot and dry weather with oats being cut for green feed. Serious damage was done during the week in central Alberta by excessive heat. Northern areas present a much brighter picture.

Here with details of crop conditions on the Northern Alberta railways for the week previous to August 2nd, 1934:

Dawson Creek—Slight damage from recent storms. All crops in good condition and ripening rapidly.

Hythe—Very warm weather past week with heavy showers. Crops coming along rapidly. Some hail damage reported in Tupper district.

Grande Prairie—Heavy storms Sunday and Monday. Plenty of moisture. No damage.

Regina—Weather past week warm with heavy rain Monday. Some hail. No damage reported.

Crops in good shape. Cutting should commence in about two weeks.

Wahman—Crops in good condition, ripening fast. Weather past week hot with light rain.

Hines Creek—Crops doing well. Fairly warm weather past week with heavy showers. Some damage from hail.

Beyers—Weather past week warm with one heavy rain. Hail in some outlying areas, damage not reported. Crops in wonderful shape.

McManan—Weather past week generally hot, with some rain. Plenty of moisture and crops never in better shape.

Fort Erie—Warm weather has advanced crops and are in good condition.

Jasper—Some grain injured from heavy rain but is expected to fill again when weather clears. No other damage reported.

Plaque—Weather past week clear and calm with light rain. Crops in good condition but weather needed. No damage reported.

Fort St. John—Weather past week has been very warm with few light rains. Crops beginning to ripen. No damage.

Burley—Crops in good shape. Weather warm and dry past week. Moisture sufficient.

Montevideo—Warm weather past week has improved crops greatly. Plenty of moisture.

La La Rive—Weather past week very warm with showers. Crops in splendid shape. No damage.

Accord—Weather past week favorable. Heavy rain yesterday. Wind, headed, other grains headed. No damage.

"Heil Hitler!"

SCENES IN TENSE REICH

Der Fuehrer and New Aide

Their arms upraised in Nazi salute, men and women in Berlin are pictured before the Ministry of Propaganda Building as they pledged allegiance to Chancellor Hitler. This picture supposedly was taken after the suppression of the "Roehm Revolt."

ONE OBSTACLE TO HIGHWAY COMPLETION

Stretch of 300 Miles North of Lake Superior Still in Engineers Hands

TORONTO, Aug. 4.—The rocky, tangled terrain along the northern shore of Lake Superior now presents the only obstacle to the completion of the Trans-Canada Highway from coast to coast.

Motorists may now drive from Halifax, on the Atlantic coast, to a point 45 miles north of Sault Ste. Marie, in Northern Ontario, over reasonably good pavement and gravel roads.

From there to Nipigon, however, roughly a distance of 200 miles, lies a rugged stretch over which no car can pass. Here are masses of solid rock of all shapes and formations. There are rivers and tangled undergrowth, rapids, gullies and numerous rivers.

Two high on this uncompleted Northern Ontario section have been surveyed, and the work planned so when they will be completed in summer. One leg runs from the line to White River, called as Canada's champion cold spot in winter.

The other runs from White River to Hearst. Very little work has been done on either of these stretches yet.

There is a road from Nipigon to Port Arthur, while from Port Arthur to the Manitoba boundary, only about 30 miles of the highway still remains uncompleted.

Work on this section is being pushed ahead and it is expected that it will be opened by a coming fall.

From the Ontario-Manitoba boundary the chain of motor roads stretches all the way to Vancouver, on the Pacific coast.

Twenty-five thousand bonded Canadian motorists are at present engaged in pushing forward the Trans-Canada highway building programme.

The majority are battling with northern Ontario's wilderness. Throughout the rest of the country, however, much improvement and repair work is being done.

When these workers reach their goal, the quarter century dream of Canadian motorists will have come true. They will then be able to start in their cars at Halifax and drive to Vancouver, without having to detour through the United States.

Plants are most active during the period between noon and three in the afternoon.

HOW DOLLFUSS MET HIS DEATH

Sketches by P. Kroesen, Bulletin Artist, From Official Cabled Assassination Accounts

For some time after the death of Chancellor Dollfuss, no definite information was obtainable. Then conflicting reports were heard. The first semi-official and most graphic account of the assassination of Dollfuss was given by Commissioner of Public Service Adam in a broadcast to the Austrian people shortly after the murder. Adam's version follows:

"Dollfuss, Maj. Emil Fey, security director, and Baron Karwinski, minister of public safety, were seated in the chancellery office when they heard the Nazis smash doors and ascend the stairs.

"Dollfuss and Karwinski were persuaded to attempt to escape and fled through a passage adjoining the building where the archives of the House of Hapsburg are stored.

"Just as they reached the historic hall where the Congress of

INSURANCE MEN WILL CONSIDER HEAVY AGENDA

Uniformity in Statutes is Aim of Officials Met at Saint John

SAINT JOHN, N.B., Aug. 4.—A lively agenda loomed up for the insurance business today at the 17th annual conference of the Association of Superintendents of Insurance of the Provinces of Canada. The conference will be held at Saint John from September 13 to 14.

H. P. Bentley, R.C. deputy attorney-general for New Brunswick, who is president of the association, suggested in 1917 to promote uniformity in Canadian insurance statutes, the association will be meeting in the Maritime provinces for the first time, although its recommendations regarding insurance legislation have been generally adopted in the three provinces.

The conference will bring in Saint John possibly the most representative group of insurance men ever to assemble in the Maritimes. Every province, it is anticipated, is represented by its superintendent of insurance or other government official, probably accompanied by attorney-general or other government nominees.

Anybody associated and life underwriters interested in Canadian changes, with subsequent recommendations to provincial governments, is anticipated.

For three years the association has considered amendments to the Uniform Insurance Act now in force in every province except Quebec. A final decision on proposed changes will be made at the conference, which will be held in the Maritime provinces. Underwriters have been created by court decisions and minor amendments will be considered.

Definition and interpretation of underwriting terms will be considered and casualty underwriters will come before the conference, which has been endeavoring to work out uniform definitions of 23 or more clauses of insurance.

A report of a committee on credit and loss insurance will be presented. This committee has recommended that a return of agency balances more than 90 days overdue.

DER FUEHRER AND NEW AIDE

Solemn and tight-lipped, Chancellor Adolf Hitler is shown with his newly appointed Storm Troop leader, Viktor Lutze, in a new picture just arrived in America. Lutze was named to succeed Captain Ernst Roehm, executed as a "traitor" during Hitler's "blood purge."

HEAR ADDRESS AT FIELD DAY

H. E. Wilson States Care in Feeding Important For Market

LACOMBE, Alta., Aug. 4.—The Lacombe Experimental Station put on a field day for the Alberta Hogs Breeders, Friday, at which H. E. Wilson, livestock assistant, who spoke on the hog situation in Canada.

He said England had established a price high enough to encourage hog production and that, in order to retain our hold on their market we must keep the quality of our finished products up to the highest standard.

He said pigs should be handled in such a way that they would reach the market at six to six and a half months of age. As they grow older they tend to develop heavier shoulders and ribs and do not produce the Whitehead class required (high protein foods and mineral substances must be fed in connection with the correct genetic).

Dr. H. B. Maclellan, University of Alberta, gave a demonstration of types in Denmark they have improved. This committee has recommended that a return of agency balances more than 90 days overdue.

Mr. G. W. Maclellan, animal husbandman, Ottawa, said that hogs as well as the other had discarded all breeds but Yorkshires, for economic reasons. He considered the Lacombe institution, as mainly based for this work, and said it was the very high.

INSURANCE MEN WILL CONSIDER HEAVY AGENDA

Uniformity in Statutes is Aim of Officials Met at Saint John

SAINT JOHN, N.B., Aug. 4.—A lively agenda loomed up for the insurance business today at the 17th annual conference of the Association of Superintendents of Insurance of the Provinces of Canada. The conference will be held at Saint John from September 13 to 14.

H. P. Bentley, R.C. deputy attorney-general for New Brunswick, who is president of the association, suggested in 1917 to promote uniformity in Canadian insurance statutes, the association will be meeting in the Maritime provinces for the first time, although its recommendations regarding insurance legislation have been generally adopted in the three provinces.

The conference will bring in Saint John possibly the most representative group of insurance men ever to assemble in the Maritimes. Every province, it is anticipated, is represented by its superintendent of insurance or other government official, probably accompanied by attorney-general or other government nominees.

Anybody associated and life underwriters interested in Canadian changes, with subsequent recommendations to provincial governments, is anticipated.

For three years the association has considered amendments to the Uniform Insurance Act now in force in every province except Quebec. A final decision on proposed changes will be made at the conference, which will be held in the Maritime provinces. Underwriters have been created by court decisions and minor amendments will be considered.

Definition and interpretation of underwriting terms will be considered and casualty underwriters will come before the conference, which has been endeavoring to work out uniform definitions of 23 or more clauses of insurance.

A report of a committee on credit and loss insurance will be presented. This committee has recommended that a return of agency balances more than 90 days overdue.

Mr. G. W. Maclellan, animal husbandman, Ottawa, said that hogs as well as the other had discarded all breeds but Yorkshires, for economic reasons. He considered the Lacombe institution, as mainly based for this work, and said it was the very high.

SCIENCE SIMPLIFIED Our Giant Power House

Sun Consuming Self at Rate of 250 Million Tons a Minute

By RICHARD HAYLEN
Central Press Canadian Science Writer

To those ladies among the readers of this column who deplore of losing excess pounds, behold the sun.

In the two minutes, more or less, that it takes you to read these few paragraphs, the sun will have consumed 500 million tons of her weight.

The sun could pour out energy at its present rate for 15 million million years without becoming exhausted.

The sun is an enormous sphere, to the 25th million miles in diameter.

In the middle of choosing a spot for a picnic, you may find a sunspot. It is a dark spot on the sun's surface, and is caused by a disturbance in the sun's magnetic field.

GREAT SIZE OF SUN

Scientists estimate that the sun is 100 times as large as the earth. It is so large that it could contain 1,000,000 earths.

WORLD WEALTH, DEBTS IN TERMS OF BILLIONS

BRITAIN LEADS IN PER CAPITA DEBT:
\$400 IS YOUR SHARE IN CANADA:
HOW LEANS CAN PRESS LAST

ASKS THE LAYMAN

Here is a survey of world debt and debt that everyone will find hands. Clip this out for your own reference, and quote it next time you are discussing the subject with a friend—EDITOR.

NEW YORK, Aug. 4.—The so-called "depression" years have stripped the word "billions" of its picturesque mystery and brought it down to everyday use.

That much is made clear in a survey of world wealth and debt. United States provides the most apt example with a growth of 6 billions in her national debt in a single year.

The U. S. debt now stands at 27 billions, an all-time peak. When Roosevelt took office it was 21 billions.

The previous highest debt was 16 billions in 1915.

And in face of these staggering figures is the fact that up to 1916 the national debt never passed the figure of 1½ billions.

The question the layman asks and rightly enough is how can such colossal financing be made possible. The answer is strikingly given in a recent comparison of world wealth and debt given by the Times.

HOW DEBTS COMPARE

The following table shows the total and per capita debt of France, Italy, Great Britain and Canada. (These are national debts only, not including provincial, state, municipal or corporate debts.)

Place: Canada second highest among the four in per capita debt.

Debt, Per

Millions, Capita

France \$11,000 \$262

Italy 1,000 124

Great Britain 27,000 438

United States 27,000 214

Canada 4,000 100

As figures for France, Britain and Italy do not include war debt, United States has no war debt but it has a much larger total debt of states, counties, and municipalities.

The total U. S. national debt would then be 47 billions, or about 100 times that of Canada.

The following table shows Canada's national debt in 1928, a prosperous year.

Debt, Wealth Ratio

(Millions) (Millions) Debt to Wealth

France \$11,000 \$20,000 55%

Italy 1,000 12,000 8%

G. Brit. 27,000 53,000 51%

U. S. 27,000 53,000 51%

Canada 4,000 20,000 20%

In terms of national wealth in 1928, the U. S. national debt of today is about one-half that of Italy and one-fourth that of Great Britain.

In terms of national income it is approximately one-third that of Italy, one-fourth that of France and one-fifth that of Great Britain.

CURRENCY INFLATION?

Despite the general opinion to the contrary, the last year, United States has been the "season" of world stability. Speculation has mainly been in the form of speculation on the expansion of the dollar and on without resort to currency inflation.

Annual debt charges now take over \$1 billion a year. Owing to debt expansion, however, bringing down interest rates, it has been pointed out that the United States could double its debt from the present figure of 27 billions with an increase of only 30 per cent in debt charges.

Exchanges Close

Monday, Aug. 6

Trading on the Winnipeg grain exchange and the Toronto mining exchange, together with the standard stock exchange, will be suspended Monday, August 6.

As in Edmonton, both Toronto and Winnipeg will enjoy a civic holiday on that date.

PRYKE TAKES ALBERTA OPEN GOLF CHAMPIONSHIP

Girl Polists Play at Santa Monica, California

Mrs. Tracy, Mrs. Beat, Mary McCall and Mrs. Caldwell in Stach

SAFEGUY GIRLS Softball Team Leave on Sunday

Safeguy girls softball team, winners of the city softball championship, will meet Red Deer in the second game of the provincial playdown series at Sylvan Lake on Sunday. Safeguy won the first game by a decisive margin and are the semi-final bracketed winners. The game will start at 2:30 o'clock and the team meeting at 6:30 o'clock. Sunday morning.

JUNIOR LOOP IN IMPORTANT GAME SUNDAY

Arrows To Play Safeguy Crew in Second Game of Twin Card

The crucial battle in the second half of the Junior Baseball League is slated for the second game of a twin card at Boyle-Street Sunday, when Arrows Buses clash with Safeguy and a win for either team will practically decide the second half championship. The first game of the card, between North Edmonton and Edmonton Athletics Club, will start at 2:30 o'clock.

Arrows Buses and Safeguy are well-matched for the leading position in the league and a win for either team will mean more points than they need to win the championship. The game will be a real test of the team's ability to win a close game.

One of the popular visitors is Jack Culbert, former local amateur who is now professional at Calgary Golf and Country Club. It was like old times, Culbert, who was playing on his old course.

Morris Morrison, former local amateur who is now professional at Calgary Golf and Country Club, was playing on his old course. He will be out of the game for the rest of the season. Like him, the Davis was a regular in the first half of the season but this will be the first time he has not played for a while.

Incidentally, Cule's victory over Shavies last night, which won Conklin's team in a strong position as far as the second half of the Junior Baseball League, is concerned. They'll be hard to beat out for a playoff berth unless the Royals show a real spark.

Gorman To Drill Montreal Squad at Winnipeg City

Winnipeg, Aug. 4.—(The Winnipeg Free Press.)—Gorman, who is now professional at Calgary Golf and Country Club, was playing on his old course. He will be out of the game for the rest of the season.

New York, Aug. 4.—(The New York Times.)—Burritt of Toronto, ranked No. 4 among the women tennis players of Canada, has entered the United States women's championship tournament to be played at Forest Hills, Long Island, beginning Sunday. It was announced yesterday.

FURNISHERS ARE VICTORS AT BOYLE ST.

Defeat Empire Hotel Red Sox in Poorly Played Contest

In a game that was far from pleasant to watch as both teams played ragged ball, National Home Furnishers took a winning decision by an 8-0 count in a scheduled game of the Big Five League at Boyle Street last night.

No less than 20 errors, 10 in each team, were made in the game and the brand of play was far below the usual form shown by the Intermetes.

The throaty twirling performance of Slim McMillan was the feature of the game and it was mostly through his steady twirling that the Nationals were able to take their margin of victory.

Only two extra-base hits were counted in the performance. These Magnus and Sobkow getting a two-bagger each, with Sobkow being the best hitter of the evening with two runs in the bag.

Winner Again

Sensational sharpshooting professional at Prince Rupert Club, Joe Pryke, 1902 champion, again captured the open golf championship of Alberta when he routed the Edmonton Golf and Country Club course twice yesterday in a total of 140 strokes. Joe, shown below in action and inset, had a 72 in the morning and then came back with a blazing 68 in the afternoon.

Prince Rupert Club Pro Wins With Sub-Par Golf on Friday

Sensational Afternoon Round Gives Pryke Five Stroke Margin Over Field At Finish; Three Tie For Amateur Medal

Blazing his way over the second half of the title round with an amazing exhibition of shot-making that smashed all previous records for the course, Joe Pryke, Prince Rupert professional, yesterday captured the Alberta Open golf championship in easy fashion. Pryke routed the 140-hole layout of Edmonton Golf and Country Club in the afternoon with a bare 68 strokes—better than anyone had done it previously—and this, with his 72 of the morning, gave him a total of 140 for the 54 holes, two under par.

It was a spectacular display by the third and terrific shot-maker of Prince Rupert Club and put him far ahead of the rest of the field. His closest rival was Bobby Pryke, who also had a 72 in the morning and then came back with a blazing 68 in the afternoon.

There are tied in second round. Tied with Pryke for 72 on the morning and 68 in the afternoon, Bobby Pryke, who also had a 72 in the morning and then came back with a blazing 68 in the afternoon.

CBS STRENGTHEN LEAD IN SENIOR BASEBALL RACE

Win Over Shastas In Postponed Game By Shutout Score

Conklin and Plotts Pitch Great Brand of Ball But Support Weak

Support against the pitching of Manager Don Conklin for Plotts and his Cubs marked up a 4-0 triumph over Murray Murdoch's Shastas in an Imperial Senior Baseball League game at Renfrew Park today night.

Conklin and the younger, Plotts, pitched in a pretty a dust on the mound as could be desired, but his pitching crew was out all chance for the latter half to win the game.

As a result, Cubs went further ahead in the race for second-half honors and a playoff berth, now leading only one more victory to clinch this coveted goal.

COSLY MISSED

Each of the pitchers allowed only four widely-scattered hits but the weakened Shastas could do nothing right against Plotts without the Davis and Bill Fisher, half of their inner guard, the infield made many errors, with Fred Lee having an unusually bad night at second base, where he committed two errors.

Conklin, working hard to get his team into the playoffs, pitched the first game of the season, but his four hits he allowed well reentered through the center. He was using plenty of speed, mixed with a useful curve, and fanned no less than 31 batters.

Plotts, a Shasta hurler used today, by Arrows in the Junior League, could do nothing wrong himself and turned in a masterly exhibition. He whiffed 12 opposing batters and walked but two in the game frame. However, his mates could not do anything wrong and that assured the youngster's chance of a No. 1.

SEAR WITH WILLOW

Though his team was beaten, Percy Douglas Shasta's rightfielder, was the only player in the game to get a pair of hits, rapping out two sharp singles in four times at bat. Ed McElroy, of Cubs, also had a good night at the plate, getting one in two official times at bat.

Cubs went into the lead with a single in the third inning. They made things a lot safer when they came right back with a pair of rallies in the fourth and clinched it all with another marker in the sixth.

TENNIS MEET OPENS TODAY AT GLENORA

Visiting Players Active Sunday in Provincial Net Tourney

Provisionary work completed on Friday evening for the opening at 2 p.m. today, of the 13th annual tournament of the Alberta Lawn Tennis Association at the Glenora Club courts, 120 acres. While the tournament is a short swing into action at 10 a.m. on Monday, there will be a goodly assortment of matches today with a sparkling on Sunday.

Visiting players probably will be on the courts on Sunday, lining up their strokes for the openers to be fought out during the week.

Men's and women's open singles will be played today, with few mixed doubles matches thrown in for good measure.

One of the formidable Club delegation, Mrs. M. Staal, the former Murray, has already arrived and has had a couple of practice strokes on the courts.

The main body of Calgary troops is expected to arrive Saturday night and Sunday morning.

The committee states that entries in the junior and veteran events will be held open until Tuesday, as many events are completed, and the rest will be held on Tuesday.

The first lawn tennis for the city are not started until Tuesday.

The committee reports excellent progress for the dance to be held in conjunction with the tennis event, next Friday evening at the Glenora Club. The committee is also co-operating to make the event a conspicuous success.

EDMONTON, ALBERTA, AUG. 4, 1934.

THIS CURIOUS WORLD

THE FLAMINGO

A BIRD THAT APPEARS TO BE BUILT OF ODDS AND ENDS / IT HAS LEGS LIKE A HERON, FEET LIKE A DUCK, A NECK LIKE A CRANE, AND A BILL LIKE A SHOVELER DUCK, WITH A BROKEN NOSE / WHEN ITS NECK IS EXTENDED, THE BIRD STANDS TALLER THAN A MAN.

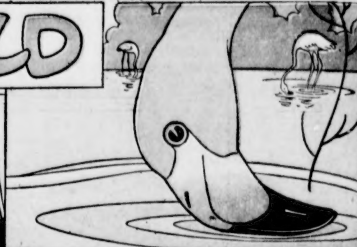

THE FLAMINGO MAKES A CURIOUS MUD NEST, WHICH IS BUILT HIGH TO PREVENT FLOOD WATER FROM DESTROYING THE YOUNG.

SCIENTISTS HAVE DECIDED THAT FLAMINGOS FORM THE CONNECTING LINK BETWEEN WADING BIRDS AND SWIMMING BIRDS, AND HAVE PLACED THEM IN A DIVISIONAL ORDER APART FROM OTHER BIRDS.

© 1934 BY NEA SERVICE, INC.

THE FLAMINGO USES ITS BILL LIKE A SOUP LADLE / IT TURNS ITS HEAD UPSIDE-DOWN, SO THAT THE UPPER MANDIBLE IS ON THE BOTTOM, AND SCOOPS ABOUT IN THE WATERY MUD FOR MOLLUSKS AND WORMS.

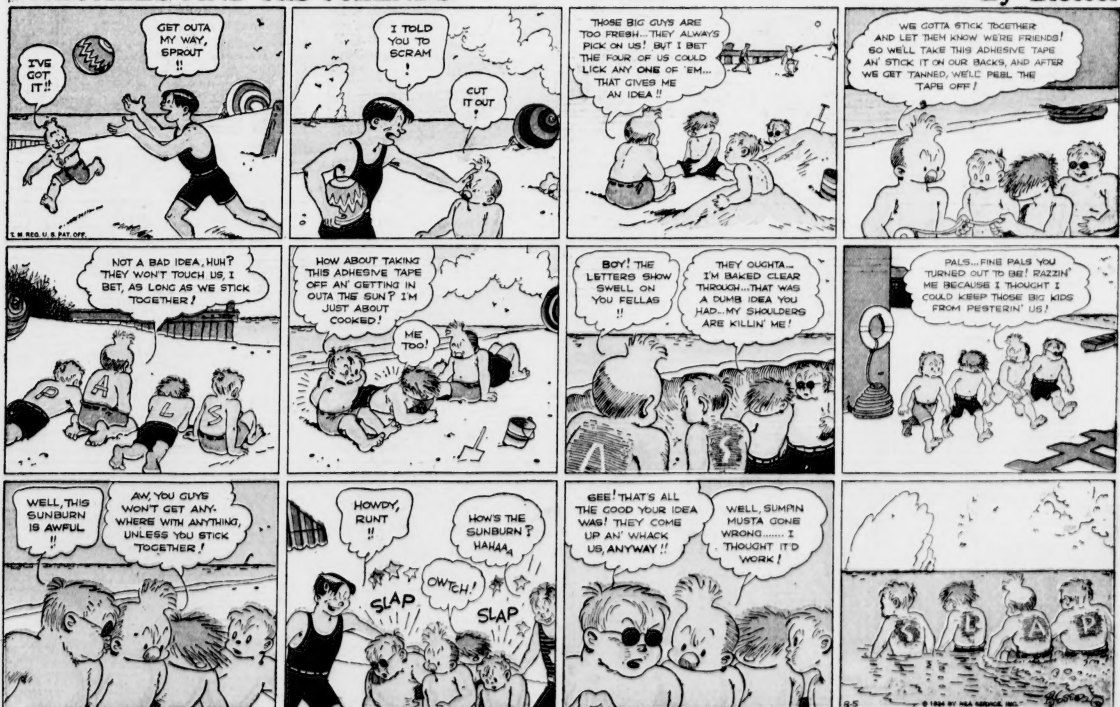

FLAMINGO TONGUES WERE A FAVORITE DELICACY AT ANCIENT ROMAN BANQUETS.

A FLOCK OF THESE PECULIAR BIRDS IN FLIGHT, WITH OUTSTRETCHED NECKS AND LEGS, IS A SIGHT NEVER TO BE FORGOTTEN.

FRECKLES AND HIS FRIENDS

By Blosser

Bulletin

Service to its constantly increasing army of readers has brought wide recognition. Its news is brief and pithy, easy to read, accurate and fair, while its

Features

excel in every department. In illustration, comics, women's activities, editorials, sports, serials and short stories, markets, finance, constant improvement has made The Bulletin

Supreme
